

**The U.S. Healthcare System is**

**BROKEN**

## **FIX IT: Health Care at the Tipping Point**

**Wednesday May 17 at 7PM.**

At the First Universalist Church on 345 Broadway in Rockland.

There will be a showing of “Fix It: Health Care at the Tipping Point” a comprehensive documentary about the advantages of a single payer health care system for meeting the health care needs of the State of Maine and the nation. With expensive insurance, rising costs of healthcare and complicated billing, we need to be considering the Universal Health Care / Medicare for All alternatives. The film shows how all Mainers would be better off, with an emphasis on benefits to businesses and job creation and sustainability of our communities. Presented by The Midcoast Peace and Justice Group (This program will honor the memory of member Jerry Call, who worked tirelessly for Single Payer)

Following the film there will be a panel discussion with;

Representative Pinny Beebe-Center (Rockland and Owls Head)

Bill Clark, MD, Maine AllCare and Physicians for a National Health Program

Jonathan Fulford, a small business owner and Maine AllCare member.

The event is free and open to the public - Refreshments - FMI call 236-8732
